Good Morning Michelle,

I have been working with the Portage School District and Drew Osborne from DPI for the last seven weeks to correct a reporting error. Our vision-impaired students that attend Portage School District were not reported correctly on the past snapshot. After many emails and calls with Drew and Portage they have corrected the error and assigned Reedsburg School District as the FAPE School. The students are reporting correctly now on the September Membership count and the October 1 Student count for Special Ed.

If you have any questions, please feel free to contact me.

Thank you,

Jayne Huth
